TO WHOM IT MAY CONCERN

M/S Hi –Tech Radiators Ltd , having office at Plot , R-603 , TTC Industrial Area, Rabale , Navi Mumbai , Maharashtra ,400 701, India has been our regular supplier of fin type radiators for power transformers up to and including 400 KV class , since last more than 10 years.

We have also used Hi-tech radiators in some of our export orders.

We have found that overall quality of Hi-tech radiators, (including painting , finishing and packing) is very good and it has proved its acceptability in the international market.

We are satisfied with their overall response and after sales services rendered by them.
