To Whom It May Concern

This is to certify that M/S High Tech Radiators Ltd, Navi Mumbai, Maharashtra has been supplying the HDG – Galvanized Radiators to Alfanar Transformers since last 06 years. We have procured more than 80% of Alfanar orders of radiators from High Tech Radiators.

High Tech has been working with Alfanar Transformers with its complete support, its capability to comply with the technical requirements of Alfanar. i.e., the products are of good quality and we did not come up with any non-conformance regarding their radiators quality till now. They provide a competitive price, very good seaworthy packing and always commit the required delivery requirements.

High Tech radiators have been used in many of our projects of SABIC, DEWA, and also for Saudi Electricity company (SEC N.G, SEC transmission) etc.

For Alfanar Transformers, Alfanar Electrical Systems.
